Call for Papers!

Travel for Siemens staff to User Group Event has been restricted due to the economic environment. Because of this we strongly encouraging users to share your experiences, ideas, tips, techniques, process improvements or just your unique applications of Siemens software with other users? Sharing your skills at the conference will not only allow you to receive free admission to the PLM World - Midwest User Group Conference 2009, but it will also allow you to network with other local users from various companies. This is a Users Group, so networking and sharing is what the group is all about.

Take this opportunity to get a jump start on a presentation for the PLM World 2010, May 24-27 in Nashville, Tenn. Presentations in any of the following areas are needed:

Design(NX/Ideas/SE); Drafting(NX/Ideas/SE); Simulation, Validation, and Optimization(NX Nastran/Ideas); Computer Aided Manufacturing (CAM); E-factory; Knowledge Based Design Automation (Knowledge Fusion and Programming Tools); Data Communication and CAD Interoperability; System Administration; Sheet Metal Design(NX/SE); NX Routing (Electrical and Mechanical) Mold Design; Teamcenter applications (Enterprise, Engineering, Community, Visualization, Project, Requirements); CAD/CAM/CAE/PDM Management related issues; Use of NX and Teamcenter in Academia; And any other related UGS software application, or industry specific solution.
